TYPE

DOCUMENT NAME

**Main title — Open Sauce One
600**

01 object title – League Gothic

Body is Open Sauce One 400. Sentences
never sit in League Gothic. Line spacing
1.5. One line of space under a block title.

Weights

Open Sauce One: 400, 500, 600 only. Not
ExtraBold, not Black.

League Gothic: regular. Stand-in if the file
is missing: Impact.

Do not use Poppins, Nunito, Outfit, Syne,
Montserrat, or IBM Plex on these modules.

Set the theme once.

Do this on day one of the trial. Then build. Do not pick a new palette per screen.

RISE – THEME COLOURS

In Rise: Theme → colors. Map them like this:

Page / background	#FFFFFF
Headings and body	#3B3B3B
Accent / buttons	#3B3B3B
Block — allowed	#DBE0DC
Block — stop	#E8DED5
Block — steps	#E6E6E6

Upload Open Sauce One if the trial lets you add a font. If it does not, use the closest sans Rise already has for body, and keep League Gothic for 01 02 03 only when you can embed it. Do not switch to a decorative Rise template.

STORYLINE – SLIDE AND PLAYER

Slide fill	#FFFFFF
Text	#3B3B3B
Player / menu	#3B3B3B on #FFFFFF
Correct / continue	fill #DBE0DC, text #3B3B3B
Incorrect / stop	fill #E8DED5, text #3B3B3B
Neutral tiles	#E6E6E6
Focus / selected	2 px ink outline, not a new colour

Install Open Sauce One and League Gothic on the Windows machine before the trial week. Storyline can use installed faces. Embed them on publish so the SCORM zip still looks right.

LAYOUT (BOTH TOOLS)

- Wide white margins. Do not fill the page.
- Eyebrow (League Gothic) → large title (Open Sauce 600) → one-line deck.
- Equal colour blocks for do / don't. Line icons only. No stock photo, no fake logo.
- Process as oversized **01 02 03** on equal step tiles. Short caption under each number.

Print this PDF. Keep it next to the trial machine.
