### **Teacher's Comment**

I am pleased to share my observations of David Alan's progress during our course. He has demonstrated a commendable level of commitment, reflected in his attendance of 9 and perfect punctuality. David consistently completes his homework, showing a strong work ethic, and he participates actively in classroom activities, which enhances the learning environment for everyone.

While his speaking and writing skills are impressive, scoring 9 in both areas, I believe there is room for improvement in reading, listening, and interaction with peers, where he scored 7. I encourage David to continue developing these skills, as they are essential for his overall language acquisition.

On the positive side, David's pronunciation and grammar are exceptional, with scores of 9 and 10, respectively. His vocabulary and reading comprehension also stand out, both achieving a score of 9. These strengths will serve him well as he continues his language journey.

Overall, I have seen David's confidence and curiosity grow throughout the course. His ability to engage with the material and his classmates will undoubtedly benefit him in the future. I encourage him to carry these qualities forward, as they are invaluable in all areas of life.
